Landscaping To Continue At Scarsdale

Higher Goal Set For Next Summer By Owners Association

The Scarsdale Home Owners Association are not going to rest upon their laurels of last year in the maintenance of that subdivision as one of the beauty spots in the Northwest Suburbs. The members of that enthusiastic association recently held the first meeting of the new year when the new officers were inducted into office and new and greater plans were outlined for the coming summer. The association will meet again this Thursday evening at the home of Herman Alme.

Scarsdale is boasting Arlington Heights to Metropolitan Chicago, as "The City of Good Neighbors" by reason of its very active and civic-minded Scarsdale Home Owners Association. Its membership is composed of generous, fair-minded, congenial home owners who have banded together to boost Arlington Heights by making and keeping Scarsdale an asset to the community, which, this year, has attracted more week-end visitors than any other local project outside of the yearly race track meeting. It has placed the "brand" of approval on Arlington Heights and Scarsdale as the location in which to own a home.

The Scarsdale Home Owners association took the initiative last summer by returning that subdivision to the place of beauty that was the purpose of the original landscape engineers by destroying weeds, cleaning up unimproved sections and giving to the entire tract a neat and well kept appearance.

The Scarsdale Property Owners' association consists of just what its name implies. Meetings are held once each month in the homes of its members. The first meeting of 1938 was held in the home of Otto E. Schwartz on January 27. This was the initial meeting for the new officers, who are:

Neal Graham, president.
Robert R. Saer, vice president.
Arthur Mundy, secretary.
Milton R. Bloom, treasurer.

Dan Schueren, Sgt-at-arms.

The Trustees are composed of the officers in addition to the following: Louis Henken, Dan Schueren, Otto E. Schwartz.

Honorary memberships are held by Hon. Julius D. Fleinte, Carl M. Behrens, George Klehm.

Deneen Followers Stir Once More; Name Candidates

The Deneen group of the Republican party, which was one of the first organizations to show political activity this year, but who have been strangely quiet during the slate making suddenly burst into some last minute activity just before the deadline for filing petitions and have entered a part of a slate in the county race.

The candidates for local offices whose names appeared on the petitions were:

County treasurer—Carl G. Lueders, vice president of the Sunnyside-Ail company, 2212 Sunnyside avenue.

Sheriff—Bert W. Johnson, secretary of the Chicago lodge of the Loyalty Order of Moose.

Tax board of appeals—Frank Sampson, real estate, Evanston.

Clerk of Probate court—Attorney Charles A. Wagner.

The Deneen group were apparently not satisfied with the distribution of places on the county slate as apportioned by the county committee.

CARD PARTY

District No. 14, Community club of Kitty Kerner school, will give a card and bunco party, March 3, 8 p.m., at the school house.

Health of Children Are Endangered

The measles epidemic that is rampant in Arlington Heights can not be brought under complete control unless the parents of all children will cooperate with the health authorities. As a last resort, stringent measures could be taken in the closing of schools, barring children from movies and churches.

The health board dislikes adopting such extreme measures. They would be unnecessary if the parents would report to Miss Jackson, the community nurse, all cases of sickness for which a physician has not been called.

Because certain families have not called a doctor and their children have knowingly or unknowingly carried infection, there are many other children who are going through the measles stage jeopardizing their health, inconveniencing their families, losing instruction in schools and incurring doctor bills.

This is all unnecessary.

Arrangements have been made by the village authorities to provide medical attention for children whose parents are not in a position to pay the usual physician fee.

In justice and as a matter of fair play to other families, parents of families entitled to the free service, should not hesitate to report illness of children to either Miss Jackson, or phone No. 6.

No publicity will be given to such cases. If parents continue to neglect to report existence of contagion, there will only be one course left for the health department, viz: arrest and fines against negligent parents.

SURELY, our boys and girls are worthy of protection from unnecessary contagion.

Forced To Cut Relief In Wheeling

Supervisor Chas. F. Grandt, bad news for his relief clients. Unable to sell additional tax warrants, and failure to get additional funds from the state relief agencies, means that he must cut the relief that he has been giving to the 130 families that are upon Wheeling relief rolls.

Until further notice, funds will only be available for fuel and food. There will be no money for rent or utilities.

Before buying tax warrants, the banks study the probable tax receipts. The receipts of 1936 relief taxes totaled less than \$9,000. The levy was \$15,000. Additional payment of relief money to the township fund has been held up by court action on the part of the railroad.

The banks see no reason why any greater number of people will pay their 1937 taxes, agains

that \$6,000 in tax warrants are already outstanding. The local relief fund is practically exhausted. The current monthly receipts from the state is only slightly more than \$10 a family.

Pleaseas for a larger allowance from the state agencies have so far availed nothing.

Excellent Program For Lions Members Next Tuesday

The entertainment committee of the Arlington Heights Lions club has secured "Wheeling Across Africa" for next Tuesday evening.

This film is one of the outstanding films of its kind and has gained considerable attention. Of course the usual dinner will precede the program.

Mt. Prospect Seeks Means To Enforce Tax Payments

The three main taxing bodies of Mount Prospect met at the Village hall last Tuesday evening and discussed ways and means of bringing in delinquent taxes.

Members of the Village Board, members of the School Board and representatives of the High School Board conferred at some length on this knotty problem and agreed that immediate action is necessary.

The consensus of the meeting appeared to be that there are unpaid taxes outstanding on numerous pieces of property, where the owner can afford to pay taxes and it was decided that the first step in the enforcement of collection of these delinquent taxes would be to notify the mortgage holders of the status of the properties.

A property owner owing delinquent taxes who may not previously have been able to pay the taxes, but is now able to do so, would no doubt save himself trouble and confusion and possible embarrassment by going down to the County Building and taking care of his delinquent taxes—which must ultimately be paid any how.

Palatine Autoist Involved In Accident

Charging Dan Haemker with drunkenness while operating an automobile, a warrant was issued by Judge Behrens, Wednesday evening as the result of an accident on the Northwest highway opposite the race track. Haemker was involved in a somewhat similar accident three weeks ago, but charges were dropped by an Arlington Heights man when all damages were paid by Mr. Haemker the day preceding the trial.

In the accident Wednesday evening, Louis H. Clegg, a claim adjuster of the Century Indemnity Co., was driving toward Palatine when Haemker crossed in front of him, turned back on the highway and crashed into the other car on the right side of the road.

The local manager of the Indemnity company was on the scene 45 minutes after the accident and affidavits were secured from all witnesses. The Indemnity company will push criminal charges against Haemker.

Clever Operetta To Be Presented At Lutheran School

Snow-White And the Seven Dwarfs, a brilliant, sparkling operetta, will be given by the pupils of St. Peter's Ev. Lutheran church in Chicago and came to Arlington Heights 14 years ago. He passed away Monday afternoon at his home.

Obituary will be found on an inside page.

Last Week To Order State License Tags

March 1st is reported to be the zero hour when arrests will be ordered for autoists who have not purchased their 1938 auto license plates. Krause & Kehe announce they are prepared to give two day service to those who order their plates at the currency exchange.

The public is cordially invited.

200 ATTEND BUSINESS CLUB BANQUET

At the Herald goes to press the first annual banquet of the Arlington Heights Trade and Civic association is in progress, which is being attended by nearly 200 people. Practically every business and professional firm was represented. Officials of the various governing bodies were guests.

An exceptionally fine program culminated in a stirring address by Thomas A. Lowery of the Chicago Daily News.

Glueckert Files For Com'iteeman

Endorsed by Cook Co. Democratic Central Committee

The many friends of R. F. Glueckert are justly proud of the recognition and honor the Cook County Democratic central committee conferred on him last week in asking that he represent the regular Democratic organization as their endorsed candidate for Wheeling Township Committeeman at the April 12 primaries. Acting on their request his petition was filed for township committeeman.

Mr. Glueckert affectionately called "Freddy" by his friends, has been a life-long Democrat, although this is his first venture into politics. He is a university graduate in engineering, a business man and property owner in Arlington Heights, member of the American Legion, is married and the father of four children.

During the many years Mr. Glueckert has resided in Arlington Heights, he has built a reputation founded on helpfulness, honesty and sincerity of purpose and commands the respect, not only of his fellow Democrats, but also of those with whom he might have an honest difference of opinion on matters political.

Mr. Glueckert proposes to conduct a clean, wholesome and energetic campaign for the office he aspires to and is assured of the whole hearted cooperation of his many friends in Wheeling township.

The new slate is as follows:

Edward T. Arnold, city prosecutor, Evanston.

Joseph Ogden Basta, attorney, Berwyn.

Albert H. Brandt, mayor, Oak Lawn.

William P. McAndrews, oil company executive, Oak Park.

John A. Zimny, city commissioner, Chicago Heights.

"All the way from A to Z," said Byrd as he gave out this list.

The same organizations, he said, will support Attorney Ralph E. Sinzheimer of Winnetka, a justice of the peace, for state senator from the 7th district against Senator Charles F. Baumrucker, who is backed by the Nash organization.

The Horner-Courtney-Jarecki candidate for state representative against the one Democratic incumbent in that district, Emmett McGrath, will be Attorney Robert J. Burdette of Homewood.

Albert Kraemer, Elk Grove township collector, is a candidate of the Horner-Courtney-Jarecki group for senatorial committeeman.

Mr. Kraemer is well known in this territory and has been active in the building up of the rural fire league organizations, being head of the Mt. Prospect rural fire department and also of the association of rural fire departments which covers Northern Illinois.

Other candidates for senatorial committeemen that have the endorsement of the Horner-Courtney-Jarecki group are Julia M. Kolze, former mayor of Schiller Park and George MacGee of Blue Island.

Mr. Byrd, in speaking of the candidates endorsed by his group, says, "we have sought men for public office who believe in clean elections and stand for the kind of public service that Judge Jarecki represents."

Collin Harris Youngest Policy Holder In New York Life

E. J. Harris, enterprising local representative of the New York Life Insurance Co., is a daddy. The younger arrived on Washington's birthday, which is rather a distinction, thought E. J. In order to properly celebrate the event, daddy immediately sold his son an insurance policy in the New York Life. His son, a baby, is healthy and happy.

Good Friday, April 15, 8:00 p.m., Passion story service.

Easter Sunday, April 17, 11:00 a.m., reception of members; 8:00 p.m., Easter Carol service.

May 15-24, Centennial of Arlington Heights church.

To Hold Services For Arlington Pastor

Funeral services for the Rev. Andrew C. Landeck, of Arlington Heights, will be held Thursday afternoon at 1:15 at his late residence, 220 South Mitchell street, and at the St. Peter's Ev. Lutheran church, the Rev. Noah and Fricke officiating.

The Rev. Landeck has been a supply pastor in Arlington since he suffered a stroke while in charge of the Pecatonica Lutheran church in Chicago and came to Arlington Heights 14 years ago. He passed away Monday afternoon at his home.

The pastor wants to impress upon the community that these Lenten services are not restricted to the membership.

Anyone who is interested in the Gospel of the crucified Christ, is invited to attend.

Arlington Legion Plan Benefit Dance At Meeting Tuesday

The regular bi-monthly meeting of the Merle Guild Post No. 208 of the American Legion, was held Tuesday evening at the Legion Home.

It was decided that the Post will sponsor a benefit dance to be held at the Union Hotel in Wheeling, April 23. The proceeds of this dance go to the Jr. Drum and Bugle Corps.

Among the prizes to be given away, will be a Mix-master and a Burpee pressure cooker. There will also be a number of door prizes.

The Chicago Producers Commission Association annual meeting is slated for March 8 at the Hotel LaSalle, Chicago. A special feature will be a meat cutting demonstration, it was announced.

Tests Given On All School Construction

School Board Checks And Double Checks On Building

If there is any doubt in the minds of any taxpayer relative to the workmanship on the new elementary school building, that doubt would be quickly removed if the taxpayer inspects the detailed reports that are being received from the engineering firm of Robert W. Hunt, of Chicago. This firm tests samples of concrete taken from each pouring by K. O. Olson, an independent inspector employed by the board. Up to the present eight such samples have been tested. The first test is made at the end of seven days, the other at 28 days.

The specifications call for a tensile strength of 2500 lbs. per square inch. In every test, the report of the engineering firm has shown a strength of from 2700 to 3,000 lbs. The last of such reports received by Pres. Carlson, was on the slab over the coal and storage rooms.

The brick, stone and steel work of the new building has been completed to the second floor and everything is in readiness for the pouring of the second floor slab. With continued mild weather and at the present rate of progress, we can look forward to the early completion of the project.

Measles Cases Now Number Over Sixty

The number of measles cases in Arlington Heights continue to grow. This is due almost entirely to the failure of parents to obey quarantine rules. The official number, according to Health Officer Becker is over sixty.

It is not uncommon for authorities to accidentally discover existence of two or three cases of infectious diseases in one family. It is not confined to measles. Chicken pox and mumps exist in some of the same homes.

The health department has reported the conditions to Mayor Fleinte who considers the issuance of a blanket order to provide medical care for children with infectious disease at the expense of the village, upon proper application to the health department.

Lutherans To Observe Lent; Pastor to Preach on "The Heart of the Gospel"

MT. PROSPECT MAN IS CANDIDATE FOR BOARD OF APPEALS

Following the ancient church custom, St. Peter's Lutheran church will observe Lent with a series of special services. These Lenten services will be held in English every Wednesday at 8 p.m., beginning next Wednesday evening.

It is the intention of the pastor to make these services truly devotional and edifying. A beautiful ancient liturgical form will be used.

The choir will offer appropriate anthems from the rich musical treasury of the church.

Pastor Fricke has prepared a series of Lenten sermons which will reveal the heart of the old Gospel. His subject for the series is "Divine Love and the Cross of Christ." These sermons will depict God's love in all its fullness and beauty as symbolized in the cross of Jesus Christ.

Following are the sermon topics: March 2: "Love for a Lost World"; March 9: "Love for a Loathsome Traitor"; March 16: "Love for a Pitiable Coward"; March 23: "Love for Mortal Enemies"; March 30: "Love for His Beloved Friends"; April 6: "Love for a Dying Criminal"; April 15: "Love for the Redeemed Church."

An attractive Lenten folder has been prepared, which will be distributed to all members and friends of the church. As an effort to improve the spiritual tone of the home, 100 devotional booklets for family and individual worship are being sent to all homes of the church.

The pastor wants to impress upon the community that these Lenten services are not restricted to the membership.

Anyone who is interested in the Gospel of the crucified Christ, is invited to attend.

THE PUZZLED PARENT

The Puzzled Parent is furious because his little sister heard a radio program last night which scared her so she couldn't sleep. He wants to know if there isn't some way to put a stop to such programs.

The Consoling Counselor says:

"Yes, if you and a lot of other parents such as you, will meet at your Parent-Teacher Association and will write letters protesting, you'll be sure to get some results, for radio broadcasters are much influenced by their mail."

Outstanding Children's Play To Be Presented At Barrington

The Barrington P. T. A. is sponsoring "Aladdin and His Wonderful Lamp" at the Catlow Theatre Saturday afternoon, February 26, at 2:30.

If you are interested in having your children see good plays, don't fail to go to Barrington, Saturday.

The play is being presented by the University of Chicago Settlement League Players, who present one fine children's play each year.

There are twelve adults in the cast. Outstanding parts are played by the people taking the parts of the Princess, Aladdin, and the magician. There is a remarkable camel that sings and dances and the play will bring great joy to children of all ages, but is particularly presented for those under fourteen. Very elaborate scenery and costuming is used and the play comes highly recommended.

The Barrington P. T. A. is not planning this as a money making affair, rather to bring good plays to the children of the Community, and their hope is that it may become an annual affair. If there is a surplus, however, it will be used for the Child Hygiene Fund in Barrington.

The tickets are 35 and 50 cents and may be purchased at McLeister's, Barrington, or at the Theatre.

There is also entertainment furnished by Mrs. Scherezade between acts, making a full program.

Birthday Party

Nancy Baumann celebrated her sixth birthday by entertaining sixteen children and her kindergarten teacher, Mrs. Daniels, at a lovely party Saturday. The afternoon was enjoyed playing games. The big treat came when the children were shown the birthday table, all decorated in red, white, and blue. The children all wore George Washington hats, and received patriotic favors.

The cake was decorated with a hatchet and red cherries, making a festive table indeed.

Little Donn Miller was three years old on February 19, and celebrated by having his relatives come to wish him a happy birthday Saturday evening.

Building Safe Character Safety Topic for P. T. A.

It has been said that "The opportunity which one has in life depends largely on the faith which his character inspires in others. Civilization literally rests on mutual faith in the integrity of individuals.

If you are interested in learning how to develop the finest traits of character in your children, plan to attend the March P. T. A. meeting and hear Judge Edgar Jonas of Chicago, discuss this topic.

Remember our drive for a larger membership. Let us all do our best to double our present number.

Friends, too, are most welcome. We are looking forward to a large attendance at this meeting. Entertainment and refreshments to complete the evening.

Catholic Woman's Guild

St. James Catholic Woman's Guild will hold their regular monthly meeting Monday, 8 p. m., sharp, at the St. James school hall.

The Guild has been fortunate in securing a representative of the Nu-Enamel Paint Co., who will offer timely suggestions for spring painting and redecorating in your home.

Remember our drive for a larger membership. Let us all do our best to double our present number.

Friends, too, are most welcome. We are looking forward to a large attendance at this meeting. Entertainment and refreshments to complete the evening.

Duties of County Clerk Michael Flynn Explained

by RAYMOND T. O'KEEFE, JR.

Keen public interest in affairs of government has prompted many of our readers to inquire about the functions and services of our county administration. County Clerk Michael J. Flynn, who has made an exceptionally fine record in the three years he has served the county, has generously submitted a detailed description of his office's work.

Three of the county clerk's duties most familiar to the taxpayer are: 1. Keeping records of Cook County's births; 2. Issuing

licenses in the marriage bureau, and 3. Keeping record of all deaths in Cook County.

As clerk of the county court he receives, files and docket all cases submitted to that court. In 1937, Michael J. Flynn recorded more than 5,000 cases handled by the county court in 10,524 pages of law record.

General tax records are originally made and filed in the county clerk's office. In preparing these lists, he receives a tax levy from each of approximately 400 tax-levying bodies, including 200 school districts, 83 villages, 22 road and bridge districts, the Sanitary district and other tax-levying bodies. In addition to this monumental task, the county clerk must prepare assessment books for real estate, personal property and forms of intangible property to be used by the county assessor. Real estate books showing legal description such as number, location of lot, and subdivision name—leaving space for assessor's valuation after competent appraisal. Approximately 1,200,000 Cook county properties must be listed in duplicate, filling 1,200 large volumes. Personal property tax listings of persons and corporations fill 500 more large volumes for the assessor's use.

When assessments have been made, books are returned to the county clerk who then prepares the Collector's books comprising 1100 giant volumes.

The extension is one of the greatest and most intricate duties of the county clerk. In extending the annual taxes more than 900 tax rate combinations are used.

All election affairs in Cook county outside of Chicago are under control of the county clerk and all candidates for office must file their petitions with him. After the election he issues certificates to the successful candidates and certifies the election returns to the Secretary of State.

The Cook county may department under the direction supervision of County Clerk Flynn in the past three years, replaced all old township Atlas books with a new and complete set.

As revealed by the foregoing, there is hardly a single administrative function of the various departments of county government that

At recess we played a new game. We thought other children might want to know how to play it, so we have written the directions.

Someone is chosen to be "it." He tries to step on the other players' shadows. The person whose shadow is stepped on is "it."

Snow-White and the Seven Dwarfs
We have been studying in English about how to dramatize a story.

We thought about dramatizing the story of Snow-White. So we dramatized it yesterday. There were eight characters in the part we dramatized. We dramatized the part where Snow-white makes friends with the dwarfs. We tried out some characters, they were:

Snow-white, Jane Hayes; the dwarfs were, Grumpy, Jean Freymuth; Happy, Clifford Gnoot; Sneezy, Dawn Lama; Sleepy, Robert Cunningham; Doc, Ronald Rapp; Bashful, Carol Hardtke; Dopey, Dale Pate, and the curtain boys were, Richard Everett and Leonard Garms. We think we did very well.

Dawn E. Lama,

FOURTH GRADE—NORTH

A Great Composer

Richard Wagner made up his mind to be a composer when he was eight years old. He studied very hard, but the rest of the family thought it was just a sudden idea. But when the opera came to his town he listened most eagerly and learned the songs. He took lessons at the age of fourteen. He studied very hard and thought about music even on his way to school. He lived about one hundred years ago. His songs still live.

POEMS

The Miracle

The little worm is fast asleep, His bed a leafy cradle deep; His comforter, a spider web, As soft as any baby's bed.

The breezes sing a lullaby, So sweet, it makes the young tree sigh, The baby sleeps through weeks of cold, Till the leafy cradle is withered and old.

In spring, a magic thing occurs, The ugly worm in the cradle stirs, In its place a butterfly Flies gaily out into the sky.

MEETING OF LIBRARY CLUB

Last week the meeting of the Library Club was called to order by the president, George Gaare.

We had two plays. They were "Emmy Lou" taken from the book of the same name and Abraham Lincoln," taken from the book "Abe Lincoln Grows Up."

Also on the program were a book review of "Little Miss Evangelins" and a recitation of the Gettysburg address, given by Patty Groves.

Patty Miller,
Grade Six.

HOBBIES

We saw a hobby show. These are some of the things we saw: Rugs, shells, marbles, butterflies, airplanes and a hangar. A little boy in first grade made a little man in a truck. He was made out of marshmallows. The wheels were apples.

Mildred Jean Brinkman,
Grade Three.

QUESTION BEE

The sixth grade of the South school had a question bee. The children wrote questions on the history which they have studied in the book of The Growth of the American People and Nation. We have just completed the reading of this book. The class was divided into sides A and B. Individual scores were also kept. The three with the highest scores were George Gaare, Helen Davis and Barbara Barrett.

BUY POTTERY

We have just spent our dollar.

As you know, the fifth grade won it for having the most fathers present at the P. T. A. meeting in January. We have bought two small Hager pottery vases and two jardinières. A jardinière is an ornamental flower stand or container for potted plant.

CAMP FIRE GIRLS
The Camp Fire Girls of the South division met at the home of Perenne Pingel, Feb. 16. Work was continued on the head bands. Some are finished and are very pretty. Designs representing as sign such as the sun, music, seed pods, water, etc., are woven into different colors in the bands. The girls enjoy working on these bands.

Plans for a party to be given at Barbara Barrett's home on Friday, Feb. 25, were discussed. Half of the group was selected for the refreshment committee and the other half is to plan games. We are looking forward to a grand time. Our next meeting will be at the home of Nancy Crumlish.

Seek Greater Support Of Ill. Schools

Educators To Report Candidates' Stand On Public School Issues

"Publicity will be given to the voting records and attitudes on school issues of candidates for the General Assembly before the April Primaries," announced Miss Susan Scully, president of the Illinois Education Association, this week.

"This move was decided upon by a recent meeting in Springfield of representatives of all divisions of the association," said President Scully.

"Those of us interested in schools for children," Miss Scully stated, "were not successful in persuading the 60th General Assembly to assume more responsibility for the support of public schools in order to relieve the property tax, and to equalize educational opportunity in all parts of Illinois. The opponents of this progressive movement said that the income of the State was not large enough to permit an increase in the State School Fund. Since then it has been found that the income of the State was underestimated. We feel confident that the next General Assembly will give the schools a better deal."

"Some boards of education are not able to pay their teachers; many schools are working on shortened terms; classes are crowded in many schools; and some districts are keeping their schools open only by heroic efforts, as is shown by the fact that the school tax rate in some districts is more than \$4.00 per one hundred dollars of assessed valuation. We believe the State can and will relieve this situation," concluded Miss Scully.

OBITUARIES

REV. ANDREW CHRISTIAN LANDECK

The Rev. Andrew Christian Landeck, for the past 14 years a resident of Arlington Heights, passed away at his home at 220 South Mitchell street, Monday afternoon, February 21, at the age of 84 years, 8 months and 10 days.

He was born in Bavaria, Germany on June 11, 1853. At the age of 9 years, he came to the United States with his parents and made their home in Chicago. After graduating from the Immanuel Lutheran Day school at 12th and Ashland avenue in Chicago, he went to the Concordia Minister College at Fort Wayne, Ind., and the Concordia Seminary at St. Louis, Mo., where he graduated in June, 1875 and immediately entered the ministry at Hamburg, Minn.

He had had several charges and after a stroke 14 years ago, resigned as pastor of the Pecatonica Lutheran church and came to Arlington Heights where he has served as supply pastor until his death.

He leaves to mourn his departure his loving wife, Emelia, and nine living children, Herman Landeck, Mrs. Millie Russel of Arlington Heights; Paul Landeck of Freeport; Mrs. Lydia Hertnick and Arthur Landeck of Park Ridge; Otto Landeck of Mt. Prospect; Mrs. Cordelia Wilkins of Huntington Park, Calif.; Edwin Landeck of Pasadena, Calif.; Herbert Landeck of Alameda, Calif.; six daughters-in-law and three sons-in-law; 15 grandchildren and four great grandchildren; two brothers, Mr. Killian Landeck of Chicago and Mr. John Landeck of Chicago; one sister-in-law, Mrs. Emma Soest of Chicago and four half brothers.

Funeral services were Thursday afternoon, Feb. 24, at 1:15 p. m. at his late residence and at 1:45 p. m. at the St. Peter Ev. Lutheran church, Rev. Noack and Fricke officiating. Funeral arrangements were by Karstens; interment in Bluff City cemetery, Elgin.

MRS. CLARA THIES

Funeral services for Mrs. Clara Thies of Barrington, who died Wednesday in Sherman hospital, were held Saturday afternoon at 1:30 from the chapel at 149 W. Main street, Barrington, and at 2:15 from Salem Evangelical church, with the Rev. W. A. Stauffer officiating, assisted by Lounsbury chapter 494, Order of the Eastern Star. Burial was in Evergreen cemetery.

Mrs. Thies, wife of John Thies, Barrington electrical contractor, had been ill since June. She was born in Palatine township, Cook county, on June 11, 1875, a daughter of Mr. and Mrs. Herman Bierman.

Mrs. Thies was a member of Salem Evangelical church of Barrington, the Ladies Missionary society and the Philathaea Sunday school class of that congregation. She also belonged to Lounsbury chapter, O. E. S.

Besides the widower, she is survived by a daughter, Mrs. Edward Wagner of Barrington; a granddaughter, Patricia Wagner; four brothers, William and George Bierman of Palatine, and Newton and Emil Bierman of Chicago, and a sister, Mrs. J. Fitzmaurice of Chicago.

Seeks Curb On Circulars At Wheaton; Clutter Sewers

Because sales circulars have been found clogging Wheaton sewers, efforts are being made to get the city council to take some action toward the elimination of their distribution. City street employees have been busy removing copies from drains throughout the city.

Herman Goldenstein, street department superintendent, said the manner in which these shopping papers are delivered is "distressing."

He declared that instead of folding them up like they should be, a number of the carriers just throw them on the porch. When there is a gust of wind the circulars blow all over the city.

The street official also revealed that as many as 100 copies of the shoppers were taken out of one inlet by his men. He added that it is that way all over parts of the town and the city council can stop such practice by passing an ordinance.

Complaints also have been registered with the police department from time to time because of circulars placed on porches of various homes that blew away and cluttered up the yards.

Police reported that every day they pick up papers from vacant homes throughout the city. They report that it is dangerous in the summer time when so many people leave their homes for vacations. Presence of such paper on porches serves notice to criminals that no one is home and often times makes them ransack the residence.

By picking up the sales advertisements on their checkup of the vacant homes, police say they have been able to keep the city's robbery and burglary rate down in the vacation months.

Income Tax Reductions Can Be Made By Illinois Motorists

Items which Illinois motorists may deduct when figuring their income tax were listed by Joseph H. Braun, general counsel for the Chicago Motor club.

Deductions which may be made by all motorists whether their automobiles are used for business or pleasure include sums paid during the calendar year for registration fees, city vehicle taxes and personal property taxes.

Other deductions allowed all motorists include the total amount paid for gasoline tax, interest and finance charges on money borrowed for the purchase of an automobile, the cost of uncompensated losses sustained by damage to the automobile and for damages for injuries to persons or destruction of property where these damages were not caused by the wilful act or negligence of the taxpayer seeking the deduction.

In addition to these deductions, two other items may be deducted by motorists who use their cars wholly or partly for business purposes. One includes all operating and maintenance expense including depreciation usually figured at 25 per cent of the original purchase price on cars used entirely for business purposes or a pro rata share on cars used only partly for business. Automobile insurance premiums, either the total amount or a pro rata share for cars used for both purposes, may also be deducted.

Mr. Braun explained that no fixed "measuring stick" has been established by the government to determine what the percentage between business and pleasure should be. The relative amount of time the car is used for each purpose is usually the determining factor, he said.

When the car is used exclusively for business, the owner may also deduct the loss sustained when it is traded in for a new car.

This loss is figured by adding the selling price to the depreciation sustained at the rate of 25 per cent of the cost for each year of use and subtracting this figure from the original cost of the car.

Old P. L. Z. & W. Station Removed At Lake Zurich

Memories of the defunct Palatine, Lake Zurich and Wauconda railroad were stirred last week when the old Lake Zurich passenger depot was removed to its final resting place to Whitney Point on the lake, where it will be converted into a resort building, according to the Barrington Review.

Started in the late 1800's the railroad led a stormy career in its effort to gain sufficient revenue to exist. It was placed in receivership eventually and the equipment either sold or allowed to rust away. The advent of the automobile and subsequent trucking and bus service proved to be too much competition for the line which ran to Wauconda from a junction point with the C. & N. W. at Palatine.

Bensenville Bows To Palatine Fives

Palatine Lights Hold First Place By Winning 27-12

The Palatine lights started slowly, holding a lead of but 4-3 the first period, but rallied near the half end on baskets by Hahnfeldt, Snyder, Hollinger and Rennack.

Play in the third period was even with the quarter ending 20-12, but the Pirates shut out their opponents in the last quarter to coast in with a 27-12 triumph. Snyder was high scorer with nine points followed by Hahnfeldt with seven. Keveli with five points and Krause with four, did most of Bensenville's scoring while Sievers who was lost on fouls put up the best defensive game and did the remainder of the scoring.

Palatine's lightweight record which topped the conference was largely the work of eight boys, three of whom saw service at various times with the heavyweight group. The starting lineup in the last part of the season was Hahnfeldt and Stewart, Rennack, Snyder and Hollinger, Smith and DeBerge were the first to be called on for substitute duty. Thompson was promoted to the first team in the late games of the season.

Sound, Not Smell

Testing cheese by listening to its tone rather than by smelling or tasting it is the method employed by experts in the Parmesan cheese warehouses of Italy. After Parmesan cheese has been in the warehouse at least two years, the tester taps it with a little silver hammer, listening for the ring that sends the cheese to market.

Fresh Win for Palatine, Leyden

The tie in the lightweight division between Palatine and Leyden duplicates the situation of 1934. The success of both schools in the junior division was due largely to one of the best crops of freshman material that either school has ever enrolled. It should mean above average teams for several years at both schools with strong possibilities of a conference heavyweight title in the not too distant future.

Leyden's lights were tall and rangy while Palatine's are small and fast. The Doss twins at the forwards and Bocasz, high scoring guard, were the outstanding freshmen players at Leyden. Palatine had six freshmen on a squad of 10 lights with Hollinger, Snyder, Hahnfeldt, and DeBerge the best. Bahneleit, standing five feet one inch in height was high scorer of the team for the season, making 32 per cent of his shots. Snyder, five feet four and Hollinger, five feet seven, played in 35 heavyweight quarters and 34 lightweight quarters during the past season.

Officiating Good This Year

We feel that the officiating in the Northwest Conference this year was far superior to any other of the seven years that we have observed it. It may be due to having two officials on most all of the games. It may also be due to the fact that the officials on our list were of the younger group of men. We recently read in newspapers of West Suburban league towns where sports writers and several prominent coaches spoke of officiating as being on the average very poor this year. We certainly cannot subscribe to such an opinion. We believe that the system of selecting officials as practiced in the conference under Mr. Crawford's direction is to a great extent responsible for the high quality of work.

Among outstanding officials we have seen in action this year, we would name Harshbarger, Ballard, Schwartz, Bee, Wright, Ashley, and Morley as the best.

Palatine Relays Draw Schools

There has been a fine response to the 30 invitations sent out a week ago for the Palatine Relays to be run April 30. Ten schools have already announced to us that they will attend the meet and three others are interested and will likely attend. Those who have sent word they will come are Arlington, Barrington, Bensenville, Batavia, Crystal Lake, Grant, Lake Forest, Libertyville, Leyden, and Woodstock, Argo, Niles Center and Naperville are considering the meet.

Boxing at Cicero

Grant will send a full team of boxers to the tournament to be held at Morton high in Cicero March 18-19. This is the first public school boxing tournament ever held in Ill.

Bensenville Finishes Strong

Bensenville came up strong in the closing weeks of the season and the lineup of veterans returning next year should make the Bisons one of the most feared of the small schools. Escoria, Hills, Mathews, and Baumgartner are regulars who will brighten Bensenville's hopes for next season.

Sunday
Park Ridge vs. Glenview.

Arlington vs. Roselle.

Palatine vs. River Grove.

by CARL WEINRICH

The windup of the second half of the Lutheran Basketball league will be played this week-end with two teams tied for first place. Arlington and Itasca have won 6 and lost 1 to date. The nine teams that gave first place to Palatine in the first half that ended in December. Palatine will play the winner probably the following week for the championship. Winner of both halves will then compete in the inter-league meeting some time in March in River Forest.

Outstanding games that are on the schedule this week-end are the Palatine-Itasca and the Arlington-Roselle bouts. Palatine and Roselle are close behind the leaders, having lost only two games and may provide an upset.

Itasca defeated Glenview 32 to 13 Saturday to continue their winning streak and also their standing at the top of the league. The hard driving and passing of the team was too much for the Glenview boys.

Roselle beat Norwood Park 42 to 35 in the second game. The Roselle boys were a bit surprised by the fight their opponents put up. Norwood played a very good game, but the sharpshooting G. Dierking took care of the situation by scoring 23 points.

Park Ridge scored their first victory of the second half by defeating River Grove 27 to 25. The game was played at a gym near River Grove.

Palatine won the opening game Sunday on a forfeit by Park Ridge. After one of the Park Ridge boys was sent out of the game on four personal fouls, they didn't have a substitute and they decided to forfeit the game.

Next Monday night should decide the championship of this tournament, however, there is possibility of a tie between the Palatine and Des Plaines clubs. Should this happen these two teams will have to bowl another night to determine the final standing.

So next Monday night should see some bowling that will be for blood or something like that. The box scores and team standings after last Monday night's bowling are as follows:

Team Standings

Former Arlington Couples Celebrate Golden Wedding

Two Arlington Brides and Grooms Of 1883 Celebrated Golden Wedding In The Same Iowa Town

A copy of the Winnebago Republican, of Forest City, Iowa, brings to the Herald office this week the account of a double golden wedding celebration for two couples who were married in Arlington Heights upon the same day, fifty years ago. The celebration occurred Feb. 22 and was recognized by a large part of the citizens of Forest City. Announcement of an open house to the community brought many hundreds of callers.

"On Feb. 22nd, 1888 in Arlington Heights, Ill., there were two wedding ceremonies performed, each within an hour of the other. Miss Annie Fernald and Wilder Russell were married at the bride's home at 11 o'clock, by the Rev. Wm.

Troop 7 Scout News

BOY SCOUTS ATTEND CAMP DODDRIDGE

by Kay Sebert

Last Saturday morning, in spite of a snow flurry, 11 boys of Troop 7 left Arlington Heights for an overnight trip to Camp Doddridge, near Libertyville.

The group made up of scouts from Palatine, Mt. Prospect, Des Plaines, Barrington, and Arlington were divided into four patrols. Each patrol was to set tables and wash dishes for one of the four meals.

The colored cook, George Washington, served good food and plenty of it.

Saturday afternoon an observation hike was organized. The boys went out by patrols. Many rabbits, birds, holes, and the like were seen. Marble games and magazines attracted many while others worked on lanyards and passed tests.

After supper, an evening of songs, games, and a program was enjoyed after which volunteers for fire watch were assigned and everyone retired.

Church services were held Sunday morning. Tests were passed and equipment packed.

The camp closed at 3:30 and the boys hope to return again.

The scouts from Troop 7, who attended were Jack Moodie, Lawrence Knaack, Tom Colman, Ray Atkinson, Bill Wensley, Bert Ross, Marvin and Norman Russell, Jack Quinlan, George Firnbach, and Kay Sebert.

Wilson School, Dist. 21

We had our Valentine party on Feb. 14. Each room had its own Valentine box. Everyone enjoyed their Valentines and the refreshments which were served.

Representatives from Sheriff Tomo's office, Officers Ramelow and Miller, called at our school last Friday and talked to us about "Safety First." We are all going to try to earn the stars by learning the pledge and obeying the rules of safety first. We also had a "Safety First" program which had been planned for that day. We had several "Safety First" posters on display.

"Apparently the new bases or goals that will be setup will be near the figure that was assigned for this last year. Some adjustments up and down will be made to take care of any inequalities that the committee may discover.

"A new ruling that may have some bearing upon compliance in this county is that soybeans cut for hay apparently will go as non-soil depleting.

"In the 1937 program soybeans cut for hay were considered a soil depleting crop. Therefore, if any farm is short on hay, as a good many are, you may apparently go ahead and seed an acreage of soybeans and expect that after the hay is taken off this crop will be considered non-soil depleting, and assist you to that extent in complying with the requirements of the Soil Conservation Program."

During the past few weeks there have been some very sick children in Mrs. Allison's room, Yvonne Hayes and Robert Hendrickson had mastoid trouble; Harold De Hart had bronchial pneumonia, and Shirley Thorsen had a very bad cold.

Those in the upper grades kept home a few days by bad colds, were Anna Ebtsch, Doris and Mildred Durban, Shirley and George Baker, Marion Dieball and Mildred Buchinger.

Some of the boys brought their burning pencils to school and they made some burnt wood plaques in art class.

"Mind" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 20.

The Golden Text was, "O Lord, how great are thy works! and thy thoughts are very deep" (Psalms 92:5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Canst thou by searching find out God? canst thou find out the Almighty unto perfection? (Job 11:7)."

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "There can be but one Mind, because there is but one God; and if mortals claimed no other Mind and accepted no other, sin would be unknown. We can have but one Mind, if that one is infinite" (p. 469).

Naming Red Square in Russia

The renowned Red Square in Moscow did not get its name from the "red" revolution in 1917 or any emblem or appellation attached to the Communist party, says Collier's Weekly. The square was given this name back in the Middle ages, the Russian word for it being Krasnya, which means both red and beautiful.

Effect of Marketing Quotas in Cook Co.

Farm Advisor Hughes Explains Factors of Conservation Law

How compulsory marketing quotas affect Cook County farmers was explained this week by Farm Advisor Hughes of the Cook County Farm Bureau.

With the passing of the new soil conservation law by Congress, the results of which will not be ascertained until it has been put into practice, the farm advisor has brought to the farmers facts about the soil measurement as it now stands.

"Word comes to us," said Mr. Hughes, "that the new soil conservation program, with compulsory control factors, has been passed by the Congress of the United States and will undoubtedly become a law. Just what all the implications of this new control measure are we are unable to say at this time.

"One of the factors of the new law is that if at any time basic crops such as corn should go below a parity price, non-cooperators in the conservation program would be assigned a marketing quota.

"Briefly, a marketing quota is permission to sell an allotted amount of corn from a non-cooperating farm. It would be set at the average production per acre for the farm since the base allowance for that farm.

"For instance if a farm had a base allowance of 80 acres and an average yield of 30 bushels, a marketing quota of 2400 bushels would be assigned to the farm. It is our understanding even if this corn is marketed through livestock that would be considered a method of marketing.

"Suppose on a surplus year 3,000 bushels of corn would be produced on this farm, then 600 bushels would have to be carried in storage until the price of corn reached the parity price. We are not prepared to say whether these marketing quotas are too low as some claim or what the general effect of the legislation will be.
